All-in-One Comfort Control. It's easy being green with Quaternity™ by Daikin. Be comfortable and save energy year round with just one appliance that cools, heats, purifies the air and deals with the challenges of humidity. In fact, Quaternity is the only single system in North America that can be programmed to a relative humidity set point (RH%) so it doesn't waste energy or sacrifice comfort by over cooling rooms. Simply set the relative humidity point to the desired level, just like the temperature. More comfort using less equipment and energy. Envious?

Qualifies for the Tax Stimulus Credit

Key Quaternity Features:

- Energy efficient heat pump up to 22 SEER 15.8 EER, and 11 HSPF.
- Dehumidification to a pre-determined relative humidity set point (RH%) allowing greater comfort at higher temperature setting to save energy.
- Unique four-stage air purification filters dust, pollen and odor, and destroys viruses, bacteria and mold with Flash Streamer technology.
- All-in-one system eliminating unnecessary appliances and energy consumption.
